

# PLANNED GIVING

## YOUR LEGACY OF LOVE AND CARING

Thanks to your generosity, almost 700 families a year living at our House can focus on what matters most – their critically ill children.

**Preparing and caring:** Your will, retirement plan, and life insurance policy are all ways you care for your loved ones and plan for the future. We are so grateful for the many supporters who, while planning for the future of their loved ones, also choose to leave a gift to our House to care for our families.

**Impact and inspiration for generations to come:** These special and very thoughtful gifts are investments in our future. They allow us to serve more families, and ensure our continued financial stability. They are also an inspirational expression of what is most important to you and what you hold near and dear to your heart.

# MAKE A LASTING DIFFERENCE

When my husband and I wrote our wills several years ago, we included the Ronald McDonald House Charities of Southwest Virginia. We both feel strongly that we want to leave legacy gifts to several of those non-profit organizations that change lives for the better in the Roanoke Valley. I have volunteered in numerous capacities with the RMHC-SWVA for many years and have seen first-hand how it impacts the lives of their guests in a positive way. When you read a thank you note from a young mother saying how grateful she is that she didn't have to sleep in her hot car again and that she could stay close to her new baby, you want to help in any way you can. The folks who come through the doors of the Ronald McDonald House or who visit the family room in the Children's Hospital are going through one of the worst times of their lives. It is an honor to do what we can to
